

1k Governance Tokens

PDF Certificate

12 Activation Codes

CREO

This certificate confirms the holder's secured right to receive 1000 CREO Governance Tokens, granting verified access to the decentralized decision-making process of the CREO DAO, a quantum-resistant, privacy-first infrastructure designed to uphold digital freedom and individual sovereignty on a global scale. In addition to this governance privilege, the certificate entitles the holder to 12 CREO Activation Codes, representing a total initial value of €1200. These codes serve as user access credentials within the CREO ecosystem. Both Governance Tokens and Activation Codes can be redeemed upon the official launch of CREO by scanning the QR code printed on this certificate via the official website.

This certified document provides immutable proof of early support for the CREO project, securing both influence and early access to a next-generation system of digital governance.
